

Commercial Registered Agent List

In 2007, the Montana Legislature passed the Model Registered Agent Act (MORAA), which is codified in Title 35, Chapter 7, MCA. One of the purposes of the act was to define a commercial registered agent as distinct from a noncommercial registered agent and to require a commercial registered agent to file a listing statement with the Secretary of State.

A commercial registered agent is an individual or a domestic or foreign entity that is in the business of serving as a registered agent in the state of Montana. Assumed business names are ineligible to act as registered agents since they are not considered to be legal entities in their own right. Commercial registered agents must maintain both a physical and mailing address in the state of Montana.

The business entities and individuals listed below provide registered agent representation in Montana. Each entity/individual may have fees associated with their representation services. You should contact your registered agent of choice prior to selecting them to determine these fees and define their services.

The Secretary of State's Office does not, by publishing this list, endorse any of these providers or imply that they are preferred to others that are not listed. This list is provided solely for the convenience of businesses seeking registered agent representation.
